

Brief CV

Name	Natt Makul	Gender	Male	
Title (Pro./Dr.)	Assoc.Prof. Dr.	Country	Thailand	
University/Department	Department of Civil Engineering Technology, Faculty of Industrial Technology, Phranakhon Rajabhat University, 9 Changwattana Road, Bangkhen Bangkok, 12120, Thailand			
Research Area	<ul style="list-style-type: none">o Microwave Heating in cement-based materials;o Utilization of waste materials (Fly Ash, Rice Husk Ash, Limestone Powder, Steel Powder, Foundry Sand, Dry Powder Sludge Ash etc.) as concrete materials ;o Behaviors of Portland cement-based materials;o Microstructure characteristics of concreteso Special testing and analysis of concretes			
<p>Natt Makul is a senior lecturer at Phranakhon Rajabhat University. He received his Ph.D. in Civil Engineering from Thammasat University. His research interests include the microwave heating of cement-based materials, the utilization of waste materials as concrete materials, such as fly ash, rice husk ash, limestone powder, steel powder, foundry sand, and dry powder sludge ash, the behaviors of Portland cement-based materials, the microstructural characteristics of concrete, and the special testing and analysis of concrete structures.</p>
